GOVERNMENT OF GOA

Department of Animal Husbandry & Veterinary Services

Directorate of Animal Husbandry & Veterinary Services

Order

5-2(1)/2012-13/836

Sanction of the Government is hereby conveyed for implementing of a new Centrally Sponsored Scheme "Livestock Insurance Scheme" by the Directorate of Animal Husbandry & Veterinary Services, Patto, Panaji-Goa as per the pattern of the Scheme approved by the Government.

The expenditure under the Scheme shall be debited to the Budget Head of Account:

2404 — Dairy Development;
102 — Dairy Development Project;
12 — Livestock Insurance Scheme (Plan) (A);
01 — Salaries;
26 — Advertising & Publicity;
33 — Subsidies Professional Services;
13 — Office Expenses;
50 — Office Charges.

Certified that the pattern of Assistance of the Scheme has the approval of the Finance Department under U. O. No. 1421607 dated 23-04-2012.

By order and in the name of the Governor of Goa.

Dr. H. Faleiro, Director & ex officio Joint Secretary (AH).

Panaji, 14th May, 2012.

Centrally Sponsored Scheme – Livestock Insurance Scheme

Guidelines for Implementation of Livestock Insurance Scheme

Livestock is an important sector of national economy especially for the rural areas.

For promotion of livestock sector, it is important that along with providing more effective measures for disease control and improvement of genetic quality of animals, a mechanism of assured protection to the farmers and cattle rearers is required against eventual losses of such animals.

Implementing agency:

In States where there are no State Implementing Agencies (SIA), the Livestock Insurance Scheme will be implemented through the State Animal Husbandry Departments.

Premium payment:

50% of the Insurance Premium is to be paid by the owner of the animal and 50% will be paid by the Government.

Selection of Insurance Companies:

While selecting Insurance Company, besides premium rates offered their capacity to provide services, terms and conditions and service efficiency should also be taken into account. Under no circumstances, the rate of premium should exceed 4.5% for annual policies and 12% for 3 years policies. Efforts will be made to insure the animals for at least 3 years rather than one year. However, if a farmer desires to have a policy for a period less than 3 years i.e. one year policy, that could also be provided and subsidy on premium will be provided for insuring same animals again in the future years of implementation of the Scheme.

Involvement of Veterinary Practitioners:

The Veterinary Practitioners at the village level are to be associated with the work of

identification and examination of the animals to be covered under the Scheme, determination of their market price, tagging/ microchipping of the insured animals and finally issuing post-mortem report as and when a claim is made. A district wise list of Veterinary Practitioners who will issue Health Certificates and Post Mortem Certificates/ reports will be issued by this Directorate to the Insurance Company selected.

Animals to be covered under the Scheme:

All the female cattle and buffaloes yielding 1500 liters of milk per lactation will be under the purview of the Scheme. Milch cattle/ buffalo will include both in milk and dry as well as pregnant animals, which have already calved once. Animals covered under any other insurance scheme/plan scheme will not be covered under this Scheme.

Benefit of the subsidy is to be restricted to two animals per beneficiary per household:

Determination of market price of the animals:

The market price of the animal will be assessed jointly by the beneficiary and authorized veterinary practitioner and the insurance agent.

Commencement of Insurance Policy Cover and adjustment of Premium subsidy:

In order to generate confidence among the cattle owners about the efficacy of the Scheme, it is important that the policy cover should take effect once the basic formalities like identification of animal, its examination by the Veterinary Practitioner, assessment of its value and its eartagging/microchipping along with payment of 50% of the premium to the Insurance Company or its agent by the cattle owner are completed. The selected Insurance Company will have to agree to this. However, it is possible that the Insurance Company may point out a provision in the Insurance Act that Insurance cover can take effect only after the whole premium is paid in advance. In order

to take care of this problem, there could be an arrangement by which certain amount is paid in advance to the Insurance Company by the Directorate of AHVS. This amount should not exceed 50% of the premium of the number of animals expected to be insured in a period of 3 months.

Identification of the insured animals:

The animal insured will have to be properly and uniquely identified at the time of insurance claim. The traditional method of eartagging or the recent technology of fixing microchips could be used at the time of taking the policy. The cost of fixing the identification mark will be borne by the Insurance Companies and responsibility of its maintenance will lie on the concerned beneficiaries. The Veterinary Practitioner may guide the beneficiaries about the need and importance of the eartag/ microchip fixed for settlement of their claim so that they can take proper care for maintenance of the tag/microchip.

Change of owner during the validity period of insurance:

In case of sale of the animal or otherwise transfer of animal from one owner to other, before expiry of the insurance policy, the authority of beneficiary for the remaining period of policy will have to be transferred to the new owner.

Settlement of claims:

The method of settlement of claim should be very simple and expeditious to avoid unnecessary hardship to the insured. The beneficiary should get full payment of the sum insured in case of death of animals within 15 days positively after submission of requisite documents which are listed below:

- (i) FIR with the Insurance Company (about the death of animal).
- (ii) Insurance Policy.
- (iii) Claim Form.
- (iv) Post Mortem Report/Certificate.

Payment of honorarium to the Veterinary Practitioners:

It has been decided to pay an honorarium to the veterinary practitioner @ of Rs. 50/- per animal at the stage of insuring the animal and Rs. 100/- per animal at the stage of issuing post mortem certificate (including conducting post mortem) in case of insurance claim.

GOVERNMENT OF GOA

DIRECTORATE OF ANIMAL HUSBANDRY & VETERINARY SERVICES

Application form of Centrally Sponsored Scheme Livestock Insurance

1. Full Name of the Applicant (in block letters):

Surname

First name

Father's/Husband's name

2. Permanent address—

- (a) House No.:
- (b) Ward:
- (c) Village:
- (d) Taluka:
- (e) Telephone No. (Landline/Mobile)

3. Category: OBC/ST/SC/General:

4. Educational Qualification:

5. Employed/Unemployed:

6. Age:

7. Information of existing Milch animals—

Type of Animal	Adult	Heifers	Young Female Calves
	Cow Buffalo	Cow Buffalo	Cow Buffalo
Cross bred cow			
Improved She buffalo			
Local/N.D.			

8. Daily Milk Production in liters: Cow Milk: _____
 Buffalo Milk: _____
 Total: _____
